

INTERIOR DESIGN & RENOVATION PORTFOLIO

Full Unit Renovation

PRIVATE RESIDENCE · SINGAPORE

Warm contemporary interiors shaped by light,
timber and tailored detailing.

THE TRANSFORMATION

From shell to *signature home.*

A complete multi-storey renovation brought together through one visual language: calm neutrals, rich timber, integrated lighting and custom storage.

Project highlights include the double-volume living zone, staircase, bedroom, wardrobe, vanity, pantry and custom feature joinery.

SCULPTED LIGHT

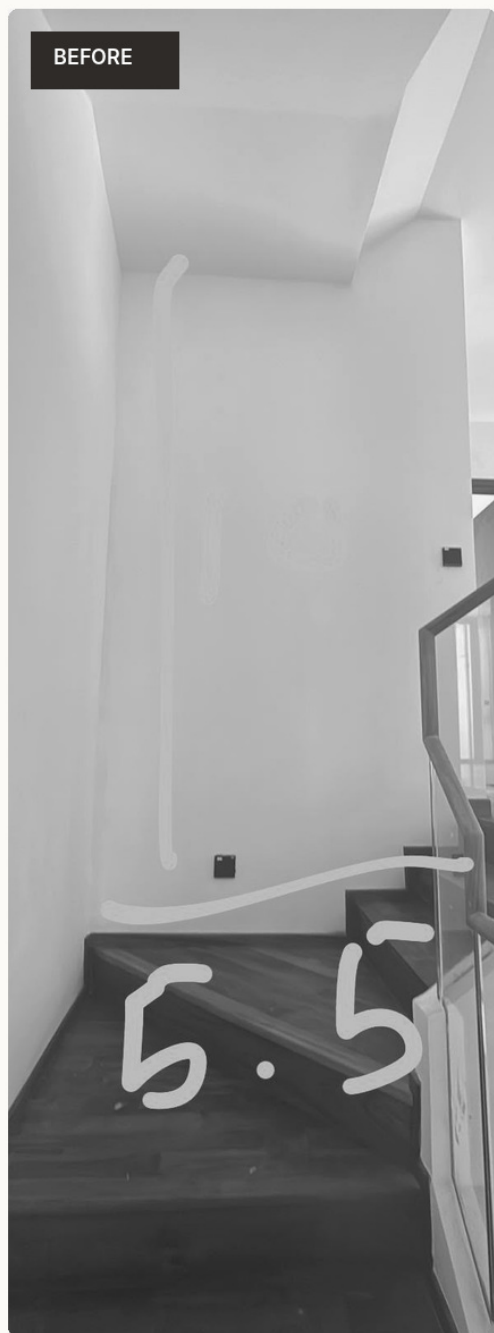

Staircase *as architecture.*

Vertical timber fins and concealed illumination turn circulation into a focal point.

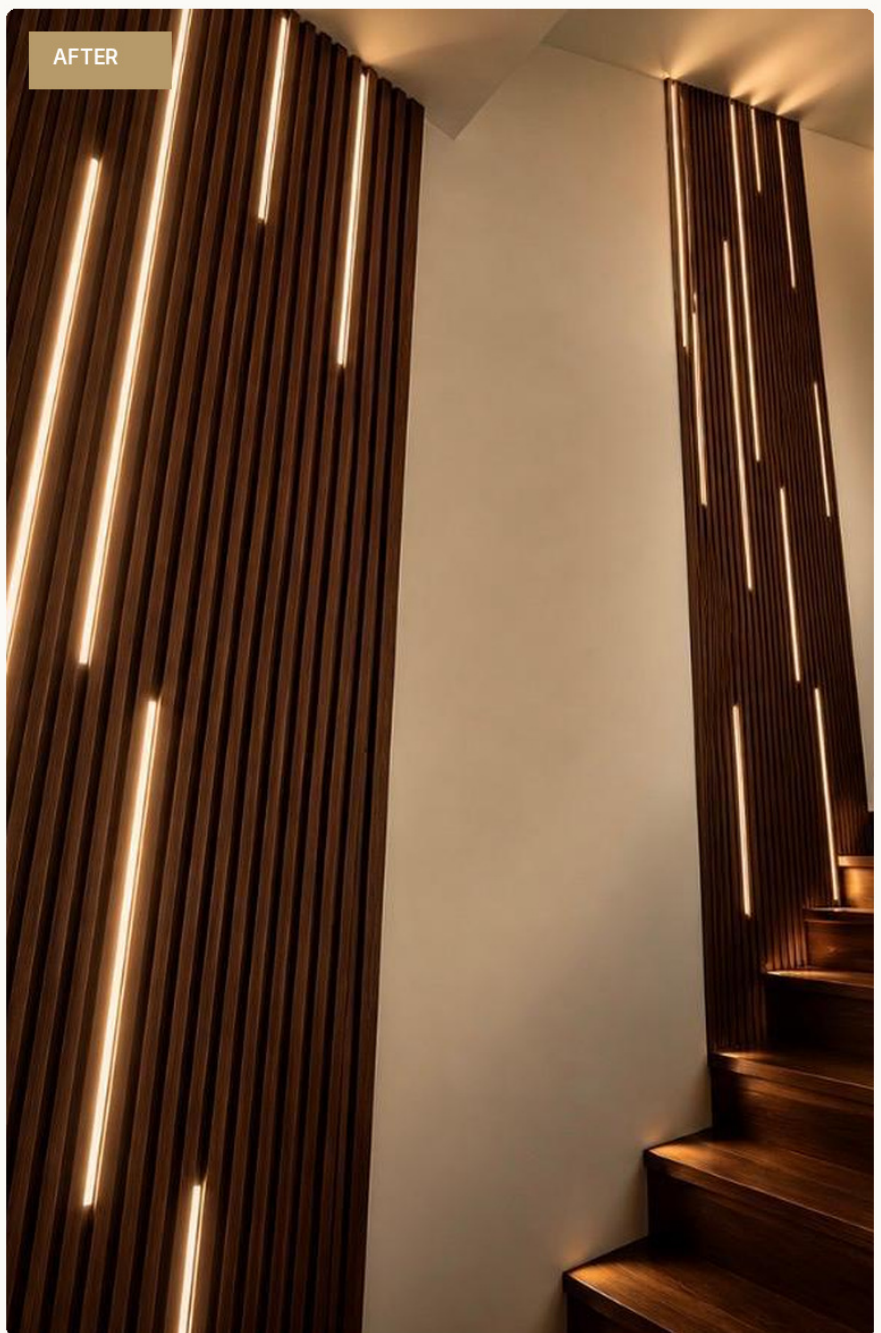

BEFORE / AFTER

Staircase Transformation

The original stair volume was visually quiet. Warm timber, vertical detailing and integrated lighting give it rhythm, depth and a distinct identity.

SITE CONDITION

COMPLETED FEATURE STAIRCASE

Bedroom Transformation

A bare room becomes a calm private suite through full-height storage, warm timber accents and integrated illumination.

Clean shell / services in progress

Completed bedroom with integrated joinery

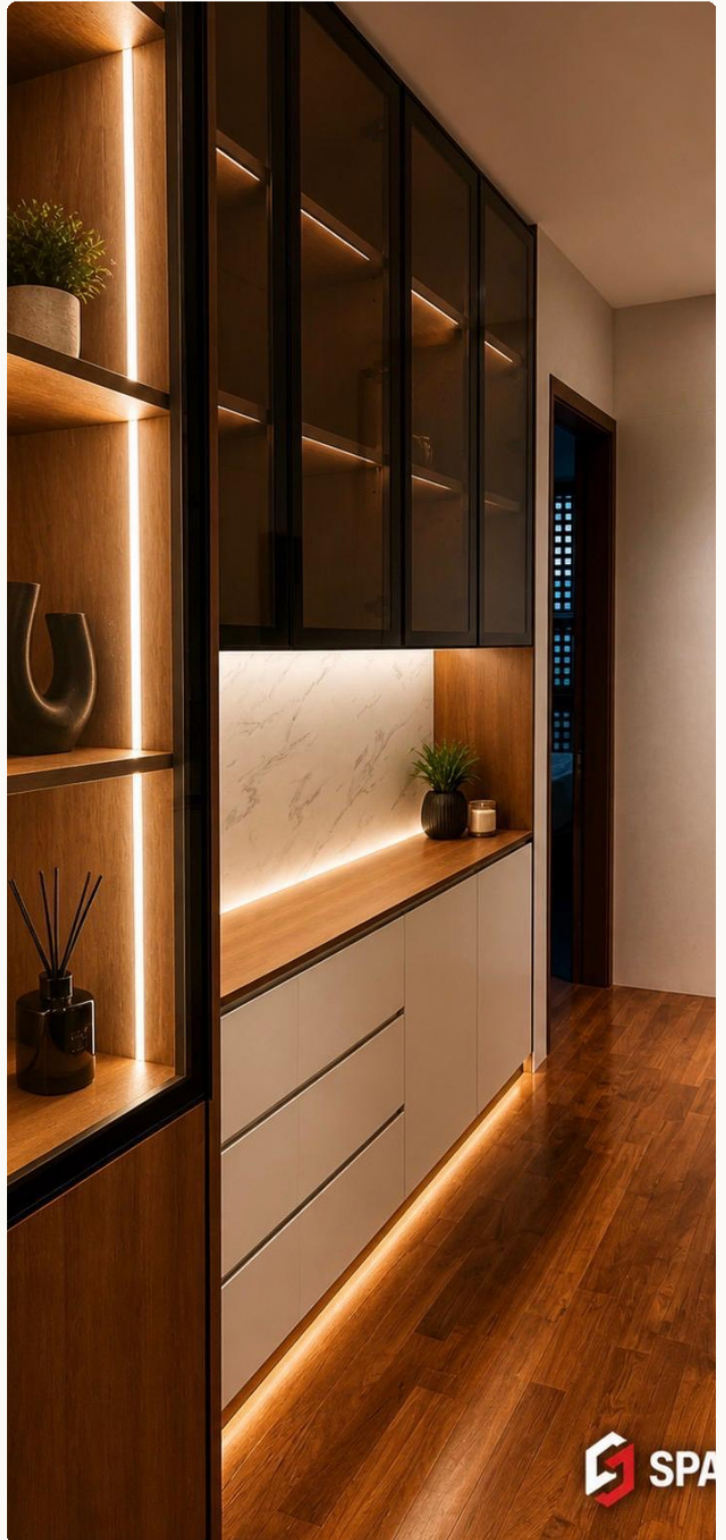

TAILORED STORAGE

Wardrobe & Joinery

Storage is treated as architecture - clean lines, warm materials and lighting that makes every surface feel considered.

WALK-IN WARDROBE

ILLUMINATED DISPLAY & STORAGE

REFINED DAILY RITUAL

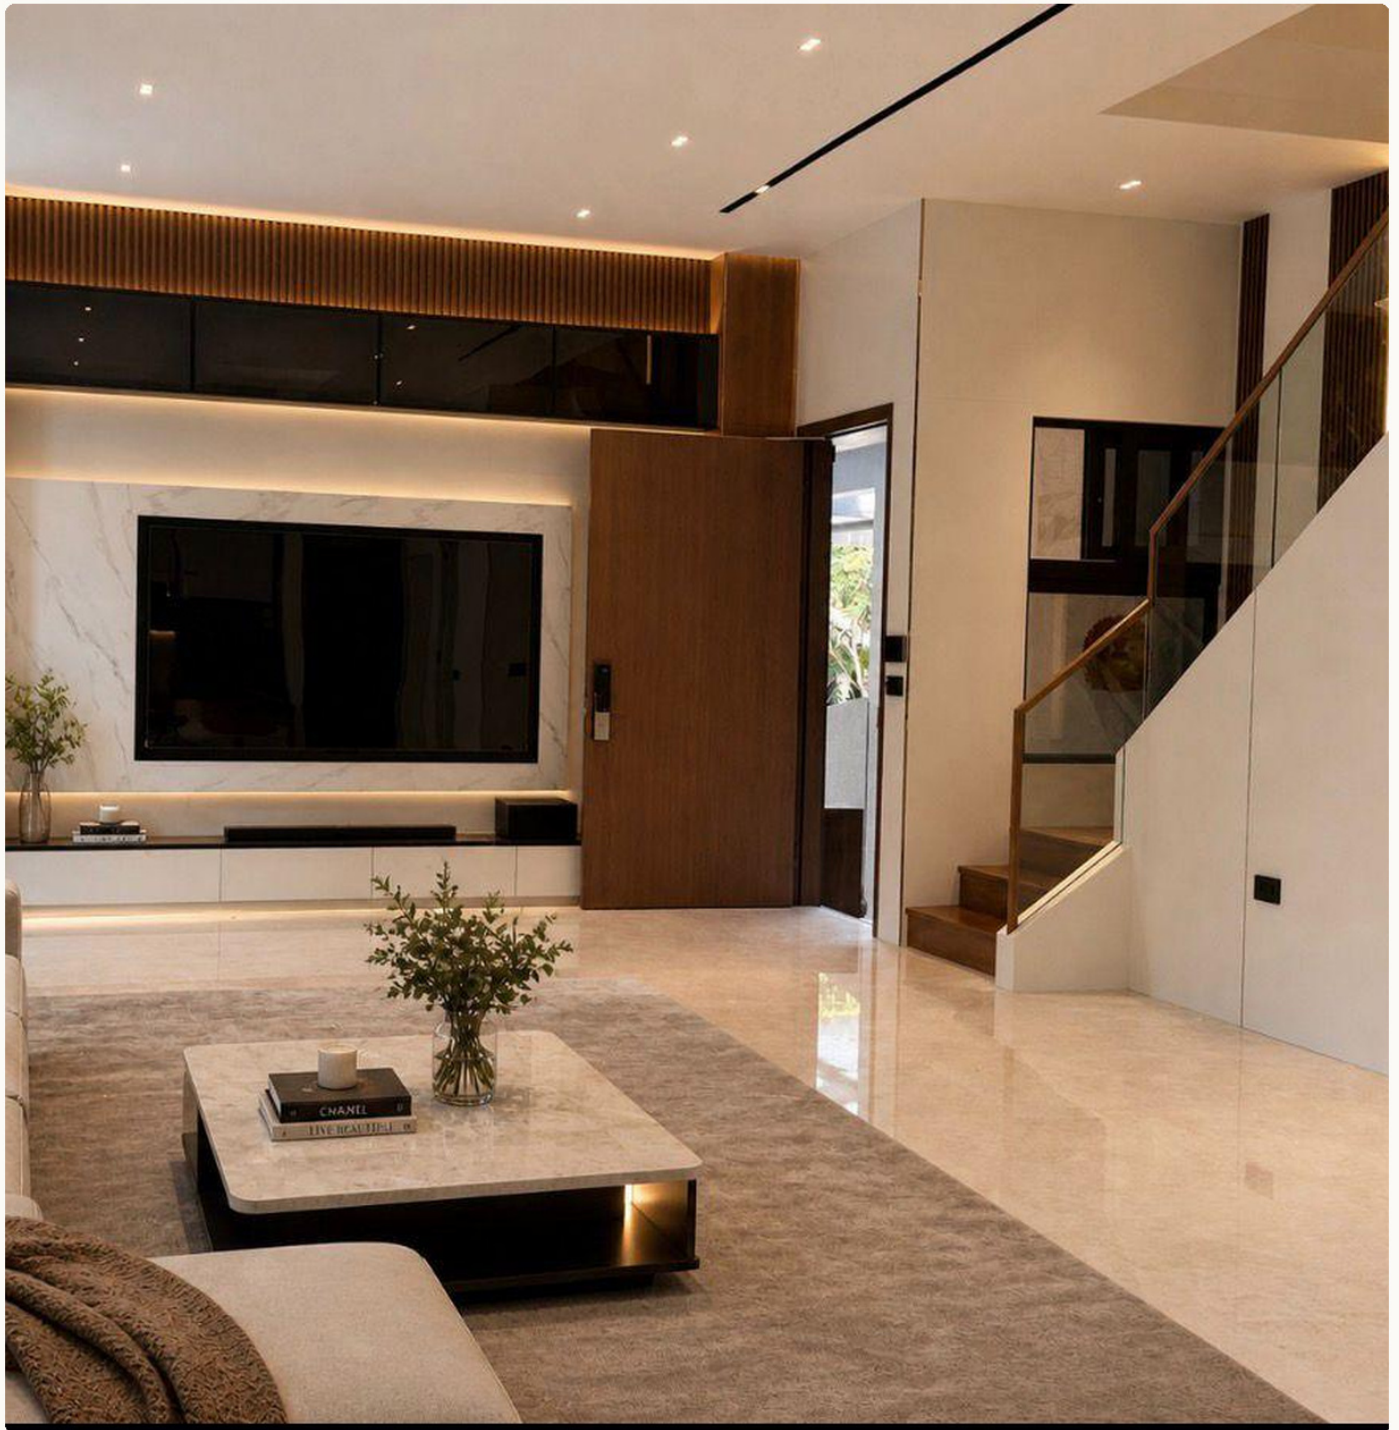

Vanity & Bathroom

Full-height stone-look surfaces, illuminated mirrors and floating joinery give the room a clean, hotel-like finish.

LIVING, RESOLVED

A quieter kind of luxury.

Soft neutrals, a framed television wall and concealed storage keep the room warm, calm and visually clear.

Warm timber · integrated storage · balanced lighting

THE HEART OF THE HOME

Double-volume Kitchen & Dining

Statement lighting anchors the height while the island creates a natural gathering point.

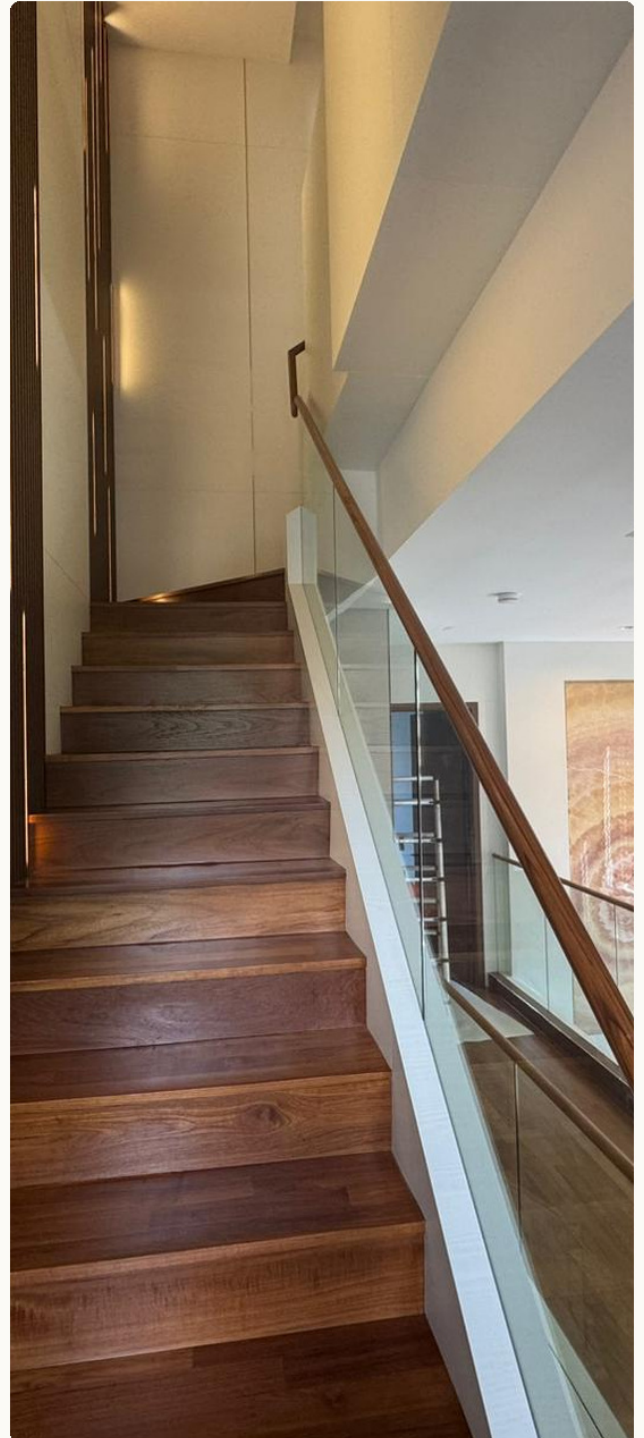

FUNCTION, BUILT IN

Pantry & Circulation

Previously overlooked zones are used deliberately through integrated storage, seamless wall treatments and warm concealed lighting.
